PROFILE

Bilingual editor and assistant editor in London, working across commercial, corporate, documentary and branded content. I've assisted in Soho on campaigns for Nike, PlayStation and Adidas, taking premium work from first assembly to final conform, and I cut corporate and documentary films with directors from paper edit to client approval — including Spanish-language versions.

I'm at home on the technical side of post: sync, conform, cross-NLE workflows and delivery. When a workflow slows the edit down, I build my own tools to fix it.
